AM Series Features

Single-pass duplexing, 150-sheet capacity automatic document feeder simultaneously scans both sides of 2-sided documents at up to 120 ipm (duplex)[10].

Wide range of optional finishing accessories for stapling, booklet-making, folding and hole-punching.

Intuitive, tiltable 10.1-inch touchscreen for easy navigation—scan to email, the cloud[9] and more.

DURABrite Pro Ink is engineered for affordable, high-volume, high-speed printing to deliver sharp text, bright colors and high-quality results.

Compatible with third-party software solutions for managing usage limitations, user authentication and more.

Replacement cartridge ISO yields: 50,000 pages black/30,000 pages color[19]

Lowest power consumption in each of their classes[1–3], which can help companies achieve their environmental and cost-saving goals.

Robust security features deliver a host of data encryption tools, ideal for implementing corporate security measures.

Finishing Options

Inner Finisher
- Corner stapling (up to 50 sheets) and offset stacking
- 500-sheet output capacity
- Supports optional hole-punching unit

Staple Finisher
- Corner stapling (up to 50 sheets) and offset stacking
- 4,000-sheet output capacity
- Supports optional hole-punching unit

Booklet Finisher
- Modular addition to Staple Finisher
- Adds: Saddle stitch (up to 20 sheets), half-fold (up to 3 sheets) and tri-/C-fold (up to 3 sheets)
- 3,000-sheet output capacity

Paper Handling

Optional Dual Cassette
- Adds two additional 500-sheet cassettes to the main unit

High-Capacity Tray
- Adds 3,000 sheets (letter-size) of capacity

Less Intervention Increases Productivity

The Heat-Free structure of Epson inkjet printers means that there are fewer parts that can fail, which reduces the amount of intervention required. As a result, Epson inkjet printers offer improved reliability and significantly reduced downtime.

■ **Comparison of periodic replacement parts**

Paper feed rollers

Laser printer

Cleaning unit   Photoreceptor

Developer   Transfer unit

Fixing unit   Paper feed rollers

Note: Images represent periodic replacement parts of a standard laser printer. Actual type and number of parts vary by model.

Save time with consistent high speed printing

No heat is required to warm-up, allowing the printer to print immediately. Consistent high speed printing up to 100 pages per minute is possible, even for high coverage documents.

Less power consumption saves energy and money

With no fuser unit to heat, reduce energy consumption by up to 85%* compared to laser printers, resulting in cost savings for electricity bills.

Fewer replacement parts, lower environmental impact

Uses up to 59% fewer replacement parts** than laser printers. No heat damage to the printhead.

Less intervention increases productivity

With fewer parts to replace and printheads that last longer, the amount of intervention is decreased, providing improved reliability and reduced downtime.

Environmentally Friendly

With Epson Heat-Free Technology, significantly less power consumption meets less frequent part replacements to reduce impact on the environment.

3 Models to Choose From

Model ->	AM-C4000	AM-C5000	AM-C6000
Speed ->	40 Pages-Per-Minute	50 Pages-Per-Minute	60 Pages-Per-Minute
