HP Color LaserJet

Enterprise MFP 6800 Series

Flow MFP 6800zfw+

Powerfully productive.
Extraordinarily efficient.

HP Color LaserJet Enterprise 6000 Series

HP Color LaserJet Enterprise MFP 6800 Series

Powerfully productive. Extraordinarily efficient.

The most advanced and customizable HP A4 LaserJet, an advanced copier with workflow solutions to modernize workforce collaboration.

Transform your workflows with advanced capabilities in a compact footprint. Customizable configurations from print speeds to color panels meet the need of busy workgroups. All while protecting your business against evolving security threats.^{1,2}

Flexible printer configurations and easy to scale solutions to meet evolving workforce needs and optimize workflows.

A powerful collaboration hub helping to make productivity and collaboration easier with fast printing and cloud-based solutions.

Advanced workflow solutions makes this fully featured A4 printer the best choice for all your workgroup needs.

HP WOLF SECURITY

HP Wolf Enterprise Security¹ provides the world's most secure printing² that protects, detects, and adapts to new threats. We keep trouble out so you can keep your business running.

Make a statement and modernize your office with elegant designs and customizable color panels.*

*Available with Configure to Order (CTO) option. CTO program available Spring/Summer 2023.

HP Color LaserJet Enterprise MFP 6800 Series

Customizable and scalable solutions

Flexible printer configurations and easy to scale solutions to meet evolving workforce needs and optimize workflows.

Get the functionality you need with unprecedented, flexible configurations – built to order.* Optimize your device to help meet your business needs and your budget.

Select the document feeding solutions that works best for your team.*

Select either 8-inch or 10.1-inch touch-enabled color control panel.*

Choose built-in storage options to handle data and documents stored on the device.*

Finishing options like a convenience stapler, memory and paper trays can be added as an option on some models.*

*Available with Configure to Order (CTO) option. CTO program available Spring/Summer 2023.

HP Color LaserJet Enterprise MFP 6800 Series

Fast and seamless digitization

A powerful collaboration hub helping to make productivity and collaboration easier with fast printing and cloud-based solutions.

Customize your print experience with cloud-connected HP Workpath³ apps. Access personalized content and integrate paper and digital workflows.

Give your team the tools to succeed with the HP Open Extensibility Platform containing hundreds of HP and third-party solutions, and card reader support.⁴

Color management is simple with HP Custom Color Manager. Match color output of any document-device combination without expensive color matching systems.*

Targeted fusing technology⁵ requires less energy and helps to reduce cooling requirements on larger, and narrow media print jobs. Thus, enabling operating at full speed for improved productivity.

*Available through HP Sales Support and HP Partners

HP Color LaserJet Enterprise MFP 6800 Series

Everything you expect from an office printer

Advanced workflow solutions makes this fully featured A4 printer the best choice for all your workgroup needs.

Improve workflow & productivity with enhanced next-generation HP Flow technology.*

Experience ultra-fast scanning speeds and ultimate productivity with HP Flow technology and 200 ipm⁶ duplex scan technology.*

Fast print speeds. Up to 55 PPM or 65 PPM*** help you get everything done.⁷

Avoid interruptions and lost productivity with reverse and retry technology⁷ that automatically detects and resolves multi-sheet feed issues.*

Easily scan and capture text from documents with high accuracy OCR software.*

HP Color LaserJet Enterprise MFP 6800 Series

Everything you expect from an office printer (continued)

Advanced workflow solutions makes this fully featured A4 printer the best choice for all your workgroup needs.

Save time by scanning once and sending to multiple destinations with customized shortcuts to eliminate steps and avoid misdirection.*

Save time and effort with autosensing features that reduce steps and ensure print and scanning jobs are completed efficiently and accurately.*

Improve your workflow and save time with convenient digital editing directly on the device control panel.*

Enter data quickly, accurately and effortlessly with an 10.1-inch touch panel or optional physical keyboard⁸ on the device.*

Easily enable workflows with a consistent user experience and intuitive, tablet-like icons on the 8-inch or 10.1-inch color touchscreen display.**

HP Color LaserJet Enterprise MFP 6800 Series

Everything you expect from an office printer (continued)

Advanced workflow solutions makes this fully featured A4 printer the best choice for all your workgroup needs.

Get maximum productivity and increased print performance with HP's fastest quad-core processor for copying, scanning, and printing at fast speeds.*

Maintain productivity and stay up-to-date on the latest features across your fleet with upgradeable HP FutureSmart firmware.⁹

Take control of your printing environment with HP Web Jetadmin¹⁰ to help manage your fleet and build consistent print experiences.

HP Color LaserJet Enterprise MFP 6800 Series

Always on guard with HP Wolf Security

HP Wolf Enterprise Security provides the world's most secure printing² that protects, detects, and adapts to new threats. We keep trouble out so you can keep your business running.

With HP Sure Start always working behind the scenes, the operating code (BIOS) is automatically checked during start-up and repairs itself if compromised.

The printer's outgoing network connections are inspected to stop suspicious requests and thwart malware so you can stay connected and in the clear.

Memory Shield™ and expanded run-time intrusion detection protect memory and other applications. Common Criteria-certified¹¹ to continually monitor memory activity, detect and stop Zero-day attacks in real time [known/unknown], and self-heal.

Minimize exposure with whitelisting checks, firmware that is automatically checked during start-up to determine if it's authentic code – digitally signed by HP.

HP Color LaserJet Enterprise MFP 6800 Series

Always on guard with HP Wolf Security (continued)

HP Wolf Enterprise Security provides the world's most secure printing² that protects, detects, and adapts to new threats. We keep trouble out so you can keep your business running.

Safeguard data stored on this Printer – keys, passwords, certificates, and more – with the embedded HP Trusted Platform Module.¹²

Give workgroups tools for success. Easily develop, deploy, and add HP and third-party solutions.⁴

Add HP Security Manager¹³ to easily set security configuration policies and automatically validate settings for enabled HP printers in your fleet.

Instant threat notification helps to thwart potential attacks and take immediate action with instant notification of possible security issues.¹⁴

200+ embedded features for tighter security help to protect information on the printer and in transit over the network.¹⁵

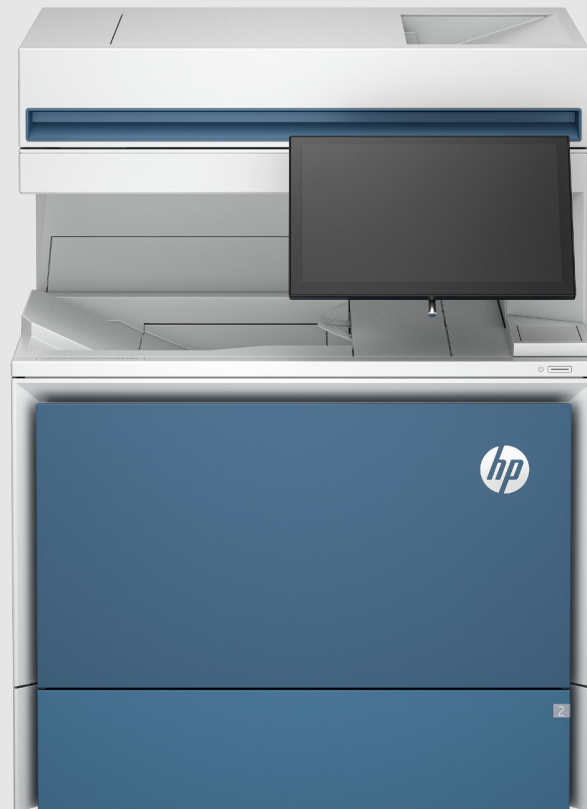

HP Color LaserJet Enterprise MFP 6800 Series

Designed to make a statement

Make a statement and modernize your office with elegant designs and customizable color panels.

Combining the heart of a copier with the footprint of an A4 printer, this redesigned device makes document printing and management easier for workgroups and departments alike.

Get exactly what your workgroups need to get any job done. Choose from a range of options including input trays, derivative color panels*, advanced finishing and more.

This printer is built for fast and efficient repairs, and maintenance of major long-life components in under 10 minutes.¹⁶ With thoughtful design, access areas are easily identified (labeled) and reachable with little to no tools required.

*Available with Configure to Order (CTO) option. CTO program available Spring/Summer 2023.

Next generation HP LaserJets with TerraJet Toner Cartridges

Reduce

Responsibly designed

- Reduced energy use¹
- Less plastic in cartridge² and packaging³
- Recycled plastic in cartridge²
- Lower carbon footprint⁴

Perform

Outstanding quality printing

- More vibrant, natural-looking images and sharper details⁵
- Consistent color with printer calibrations that take less time⁶
- Faster print speeds

Protect

Security you can trust

- Protected supply-chain integrity⁷
- Tamper-resistant chips, firmware, and packaging to protect your printer and data⁸

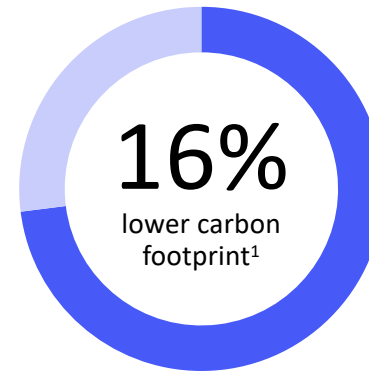

HP TerraJet + HP Color LaserJet

HP Color LaserJet Enterprise 6000 series with TerraJet toner helps to reduce environmental impact and save time.

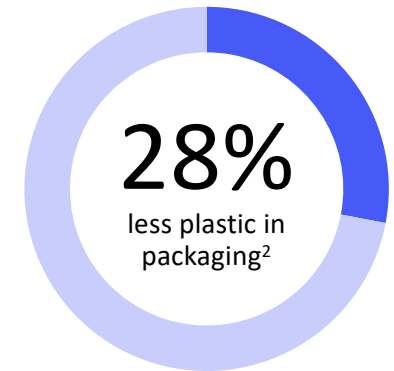

13 4AA8-2584ENW MAR 2023

Have a

Use an average of

35%

Contain 35% recycled plastic content³

33%

Yields an average of 33% more pages printed per cartridge size⁴

8-10%

8-10% faster print speeds and one-time calibration on cartridge installation⁵

¹ During production. Production Phase is one phase of Life Cycle Assessment that includes obtaining of raw materials, production and replacement of parts, and plastic recycling. 2022 Four Elements Consulting LCA study, commissioned by HP, provides a comparative environmental assessment of HP TerraJet Toner Cartridges HP 213/214/217 with their predecessor cartridges, HP 655/656/657, utilizing the most current data on production practices and recycling. See hp.com/go/TerraJet-HP6000-2022.

² Plastic reduction in packaging calculated based on packaging weight compared to predecessors. See hp.com/TerraJetplasticreductions.

³ See hp.com/TonerRecycledContent for list of individual supply percentages for the Original HP Toner supply use of recycled content.

⁴ Calculations of more pages printed per cartridge volume in Original HP TerraJet Cartridges compared to predecessors. See hp.com/TerraJet/tonersaving.

⁵ 10% faster print speeds on 55 ppm models, 8% faster speeds on 65 ppm models

⁶ Fewer calibrations and consequent printing interruptions in HP Color LaserJet Pro and Enterprise series with HP TerraJet technology compared to predecessors.

See hp.com/TerraJetefficiency.

HP Color LaserJet Enterprise MFP 6800 Series

Sustainability messaging

By using HP Pull/Pin printing solutions and duplex print as the default¹⁷ setting, our devices help customers conserve paper.

We support a circular economy process that reduces waste and promotes a sustainable supply chain. HP Planet Partners,¹⁸ provides a convenient way to recycle HP IT Hardware and supplies after their use by using recycled materials in new HP products.

Our improved energy-efficient designs meet the rigorous criteria of EPEAT Gold, Energy Star, and Blue Angel.¹⁹

This printer system meets rigorous standards for ISO class 7 cleanrooms.

Print CTO (Configure To Order)

Bringing a new level of customization to the enterprise A4 market

What is it?

Print CTO allows partners and end customers to configure HP Color LaserJet Enterprise 5000/6000 and X500/X600 Series A4 devices to meet unique workflow and workplace needs.

How does it work?

Choose from multiple configuration options to build the best A4 printer or MFP that meets exact specifications.

Configuration options include:

- Speed
- Document Feeder
- Control Panel
- Mass Storage
- Color Panels
- Paper Trays and Stands
- Output Finishing
- Memory
- Fax
- Connectivity

With Print CTO you can now take personalization to the next level with five color panel options to choose from to match customers' office décor

HP Confidential

Flexibility of The Print Experience

Why Configure To Order: Designed to enable maximum flexibility and customization of the enterprise print portfolio

Customer Benefit

Configure the device to meet specific spec or compliance standards

Choose multiple configuration options from color panels to finishers and more

Provides an upgrade path to premium features only found in the highest end bundles

Reduce the cost of the device by selecting only the features and accessories required

Partner Benefit

Devices assembled by HP and shipped fully integrated to partner or customer and ready to deploy

Respond to RFPs and unique customer needs where standard bundles and configurations may not fit

Price according to configuration rather than cutting margins to meet customer budgets on over-spec'd bundles

Offer configurations that are only available through customization

Disclaimers and trademarks

1. HP Security is now HP Wolf Security. Security features vary by platform, please see product data sheet for details.
2. HP's most advanced embedded security features are available on HP Managed and Enterprise devices with HP FutureSmart firmware 4.5 or above. Claim based on HP review of 2022 published features of competitive in-class printers. Only HP offers a combination of security features to automatically detect, stop, and recover from attacks with a self-healing reboot, in alignment with NIST SP 800-193 guidelines for device cyber resiliency. For a list of compatible products, visit: www.hp.com/go/PrintersThatProtect For more information, visit: <http://www.hp.com/go/printersecurityclaims>
3. For compatible Workpath apps support, additional memory of 2GB (X500 Series) or 4GB (X600 Series) DIMM is required on single function devices only. Not all MFPs may be compatible with Workpath apps. To enable HP Workpath, some devices may require optional accessory or firmware to be upgraded. Not all apps may be available in all locations. Subscription may be required. Personalized content and integration functions are applicable to supported HP Workpath apps only.
4. Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase.
5. Targeted fusing technology comes standard on the 6000/X600 series bundles and is offered as an optional service part on the 5000/X500 series.
6. Scan speeds measured from ADF. Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software. Measured using standards found at: http://standards.iso.org/ittf/PubliclyAvailableStandards/SC28_Test_Pages/
7. Measured using ISO/IEC 24734, excludes the first set of test documents. For more information, see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
8. Optional physical keyboard is only available for certain SKU models.
9. Some features enabled by future HP FutureSmart firmware upgrades may not be available on older devices, if for example, physical product characteristics limit the functionality of the new feature.
10. HP Web Jetadmin is available for download at no additional charge at hp.com/go/wja
11. Third-party certification based on Common Criteria Information Technology Security Evaluation ISO/IEC 15408 Standard requirements as of May 2019-2024. Certification applicable to HP Managed and Enterprise devices running HP FutureSmart Firmware version 4.5.1 and later. For more information: <https://www.commoncriteriaportal.org/files/epfiles/Certification%20Report%20-%20HP%20Intrusion%20Detection.pdf>
12. Use of the HP Trusted Platform Module may require a firmware upgrade
13. .HP Security Manager must be purchased separately. To learn more, please visit hp.com/go/securitymanager
14. Instant threat notifications can appear on the device control panel when a potential threat occurs from malicious intent or there is a bug or vulnerability in the firmware code of the device.
15. Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printsecurity
16. Results based on testing and performance conducted by Keypoint Intelligence April 2022. Testing and evaluation completed servicing of the 10 most common service parts identified in managed print provider service records. Results found HP Color LaserJet X500/5000 and X600/6000 series completed servicing in 10 minutes or less. Report can be found at: link to anonymous report will be released at product launch.
17. Dependent upon country setup specifications.
18. Program availability varies. For more information, visit hp.com/hprecycle
19. HP voluntarily designs and tests its printing systems to prevent emissions that exceed Blue Angel and EPEAT eco-label guidelines. EPEAT® registered where applicable. EPEAT registration varies by country. See <http://www.epeat.net> for registration status by country.

Configure to Order availability on HP Managed MFPs and Printers is expected in Spring/Summer 2023.
